Product Information Bulletin – New Protective Coating for A3209D, A3211D, A3212R, A3213R, A3217A and A3219FA Series Internal Valves

Please be advised we are changing our plating process to a new protective RegO Blue paint. This process is already being used on other RegO products such as Multiports, DuoPorts, Globe & Angle valves and will now be used for our internal valves.

The photos below provide a visual of what the valves will look like when you receive them.

Should you have any questions, please contact RegO at 336-449-7707.

Old Coating

New RegO Blue Coating
